* £19.95 MACHIN MANIA SELECTION *

Dear Collector,

Over the last few years we have offered a number of the following Machin selections and they have always been immensely popular, so we thought it a good idea to merge them into one special offers list, with Machins being the common theme.

The discounts on this flyer can be merged with any of our others, so if you have a few of them stored up, feel free to maximise your discounts.

Yours sincerely,
The Stamp Centre.

ITEM 1 1967 PRE-DECIMAL MACHIN HEADS

Logically this is the obvious place to start. Machin head stamps have really stood the test of time, since their introduction in 1967. This is a great way to build an interesting study of them.

ALL NORMALLY APPEAR WITH 2 PHOSPHOR SIDE BANDS

We have compiled 40 different stamps, which include the 32 basic values comprising all issued basic band and gum variations as per the Concise catalogue, PLUS 5 missing phosphor varieties, and 3 broad band phosphor variations.

This will provide the basis of a decent starter for anyone wanting to build a specialised collection or a solidly representative selection for the more general collector. 40 different Pre-decimal Machins for £19.95 + £1 pp.

ITEM 2 HARRISON SET

The basic Harrison set was in circulation between 1971 and the mid 1980s. These are the NON ELLIPTICAL stamps with phosphor bands between SGX841 & X922 that preceded the litho issues that we offered very recently. The Harrison set is a large series, and you will receive 83 different stamps, as a quadruple unit for £75. This will not include the rare 1/2p side band x842.

We can offer that with perfect perforations as a double unit, or boost the £75 unit to a 6 unit item, and make the extra saving for £110 all in.

ITEM 3 PHOSPHOR PAPER

From about 1980 onwards the Phosphor banded stamps offered in item 2 above, were gradually replaced by phosphor coated paper stamps with no bands visible to the naked eye, although readily detectable with an ultra violet lamp. These form a complete series ranging from SG x924/993, a total of 69 different stamps, which makes this a double unit available at £39.90 postfree.

ITEM 4 LITHO SET

Stamps printed in lithography by printers Walsall, Questa and Waddington provide the next distinct series. These came into usage in the early 1980s and continued into the early 90s, some stamps have phosphor bands some dont, but they are all distinguishable from the surface which is generally very glossy and has a slightly waxy/grease proof look about it.

This too is a closed set of 43 stamps, running from x996 to x1058 and is a double unit at £39.90 postfree.

FREEPHONE ORDER HOTLINE 0800 975 4581

ITEM 5 PRE-DECIMAL PANES

This is a chance to acquire a good starter lot of Booklet panes for either or both pre-decimal and decimal booklet panes - the former you see on the left hand side and the latter on the right hand side. For the pre-decimal panes you'll receive all 18 basic variations, with perfs as they come, for just £19.95 + £1pp. The decimal lot consists of 19 unmounted mint panes being all combinations of stamps/ adverts as detailed in the Specialised SG catalogue. Perforations will be average/as they come.

18 Predecimal panes just £19.95 + £1pp and/or 19 Decimal panes for just £19.95 + £1pp, both for £39.90 postfree.

ITEM 6 CYLINDERS

Our offers of Cylinder blocks are always popular. We are offering 3 different selections here of NON ELLIPTICAL stamps so please read the options and complete the order form with care. In all cases you can choose the basic lot of 15 different for £19.95 plus £1pp, or a double lot for £39.90 postfree

The first is Harrison printings with bands (ie the sheet stamps from item 2 overleaf)
The second is Harrison Printings on phosphorised paper (ie no bands being the sheet stamps from 3 overleaf)
The third will be Litho Cylinders (ie the sheet stamps from 4 overleaf).

ITEM 7 MACHIN FDCs

A Machin flyer wouldn't be complete without Machin First Day Covers & this is where we can pass on the benefit of our considerable buying power. Covers will be clean examples, and may well include unusual variations such as booklet panes and coils particularly on the double and treble lots. We have been accumulating covers from collections for some time & our offer is 15 covers for £19.95+£1pp, or double up with 30 for £39.90 postfree, or maximise the discounts with 45 for £57.50 postfree.

ITEM 8 1969/71 HIGH VALUES

This grouping includes both the 1969 and 1971 Machin High Values sets which are the larger squarer stamps seen here in unmounted mint condition as well as the 3 First Day Covers for all of these stamps which will be supplied in clean collectable condition.

This is a single offer at £19.95 plus £1pp.

ITEM 9 1977 HIGH VALUES

And this is a logical place to finish! Moving up to the high values, we offer the 1977 series. These created a flurry of interest as they re-introduced the first £5 denomination stamp since Queen Victoria's time. This regal looking Elizabethan set replaced the stamps in item 8, that were in use for nearly 30 years.

We offer the original set of 3 (left) for £19.95 + pp & the subsequent parcel values (right) for £19.95 plus pp, or the set of 8 for £39.90 postfree.
