*** £19.95 SPECIAL OFFERS SELECTION OO ***

Dear Collector,

A further host of offers from us are included in this current edition of our regular £19.95 flyers. We often include more than one flyer in each sending. The reasons for this are several. Some customers like to combine offers to take advantage of the discounts. Some select one offer per list and will have missed an item from a previous brochure, and many of our readers are new and may not have seen a flyer prepared or sent at an earlier time.

We do always like to send new offers out, but experience tells us that for many of you, a reminder of some of the offers that have found favour with you in the past is always appreciated.

Happy hunting!
 The Stamp Centre.

ITEM 1 JERSEY

We're kicking off with the next Jersey yearset in the sequence. This brings us to 1998, and you'll receive everything you see illustrated in the right hand panel in perfect unmounted mint condition.

And if you missed our offering of the 1997 Jersey, we have accumulated a few more of these since they were last offered, this is shown in the left hand panel.

Either set is available at £19.95 plus £1pp, or save yourself the postage, and select both years for £39.90 postfree.

ITEM 2 MACHINS

We've offered a host of the Machin variations over the years, but never the basic Harrison set that was in circulation between 1971 and the mid 1980s, as listed in Collect British Stamps. These are the NON ELLIPTICAL stamps with phosphor bands between SGX841 & X922 that preceded the litho issues that we offered very recently. The Harrison set is a large series, and you will receive 83 different stamps, as a quadruple unit for £75.

This will not include the rare 1/2p side band x842, but we can offer that with perfect perforations as a double unit on its own, or include it and boost the quadruple unit to a 6 unit item, and make the extra saving for £110 all in.

ITEM 3 FDC COLLECTION

We recently offered a unit consisting of the mint commemorative label panes and commemorative booklet panes. This unit is the First Day Cover equivalent, and it comes as a double unit with 10 different covers for £39.90. Those illustrated are representative of what you'll receive, but selections will inevitably vary.

ITEM 4 PENNY RED SHADES

Our eagle eyed Line Engraved specialist has been going through our stock of imperforate penny reds and separating them according to shades. These stamps now catalogue between £20 and £40 each, for sound 4 margin copies. We've sorted them into shades and this offer is for 4 different shades of this classic stamp.

Examples supplied will be 3 to 4 margin copies, some may have very minor faults, but the object of the exercise is to illustrate the shade variations in this issue now approaching 170 years old.

4 different shades of the 1841 Penny Red for £19.95 + £1pp.

ITEM 5 GREETINGS STAMPS

Our basement is the source of many Special Offers. A trip into the depths of the building invariably unearths some long lost treasure. Sets of used Greetings stamps are the latest to surface. The stamps illustrated are the following 5 complete sets: Gift giving, Art, Cartoons, Flowers and Cats and Dogs. These 50 stamps are catalogued £58, and we have graded them into good/sound used condition.

They are on offer for just £19.95 plus £1pp

ITEM 6 REGIONAL FDCs

Our regional offerings have been hugely popular so we're now giving you the opportunity to complement your mint collection with comprehensive offerings of decimal regional First Day Covers. We will supply 15 different covers from either Wales, Scotland or Northern Ireland, from the era prior to the introduction of elliptical perforations for just £19.95. These catalogue at about £50 per lot of 15 covers. All you need to do on the order form is specify your choice of region or regions if you want to save postage/benefit from the discounts, and we'll do the rest!

ITEM 7 GOLDEN JUBILEE

This offer is a chance to acquire 12 different Commonwealth sets/sheets celebrating the Queen's Golden Jubilee in 2002. These will all be supplied in their original attractive sheetlet presentation, but as that would make it impossible to do them justice in the illustrations left and right, we have separated them to give you a flavour of these lovely stamps.

The total catalogue value is just shy of £80,

and they are on offer as a double unit for £39.90 postfree, making them as near as makes no difference to just half cat value.

ITEM 8 BIRDS

Our signed cover combos have been very popular. This time around, we are offering our Endangered Birds First Day Cover from 2007, signed by world famous umpire Dickie Bird. No prizes for guessing which packet of stamps this is supplied with in tandem. Yes, 100 Birds stamps will be winging (sorry) their way to you with this lovely cover, postmarked with an Owl Close special first day handstamp, all for just £19.95.

ITEM 9 PENNY REDS

And finally another selection of Penny Reds and arguably one of the strangest lots we have ever purchased. We were recently offered a box of penny reds bundled into 100s, in what would appear to be cotton that's 150 years or so old! These are predominantly penny red plates for which ordinarily we would charge substantially more for than the offer price here.

These are uncheked for plate No.'s etc., and the minimum cat. value will be £250! The condition is mixed, varying from poor to good, commensurate with their age and the peculiarity of their storage, and for that reason we are doing a bundle of 100 for just £39.90 postfree, which offers excellent value.

To further increase the saving and huge value, we are also able to offer these in double or triple lots of 200 & 300 for £75 & £110 respectively.
